Daily Sales

Daily Bills

Financial overview of sales by day in the selected period — one line per daily sale, with margin, amount without VAT, VAT and total amount.

Print dialog

The report is started from the **Menu > Overviews > Daily Sales** form with the icon, item *Daily Bills*. The dialog *Daily Bills - Select Output* opens with the following fields:

- ***{From date}*** and ***{To date}*** — the period of daily sales covered by the report; it is written into the report title.

The icons for sending by e-mail, downloading and previewing on screen are common to all printouts and are described on Print language.

This report is called from the list of daily sales and covers the whole period. The printout of a single daily sale is called from the opened daily sale and is a different report.

Report contents

- **Date** — the day the daily sale refers to.
- **Number** — the daily sale number.
- **Margin** — the margin achieved by the sales of that day.
- **Net Total** — sales amount without VAT.
- **VAT** — calculated VAT.
- **Total** — sales amount with VAT.

The printout ends with a **Grand total** line summing all columns for the period.
